## Benefit Summary for Health Plan 572 – Hospital and Surgical Coverage

### Understanding Your Share for Covered Services

This health insurance policy<sup>1</sup> is ideal for a covered hospital admission and the associated physician office services and covered outpatient surgeries as an outpatient of a hospital, ambulatory surgical center, or a physicians' office (i.e. bone setting, casting and/or stitching). Plus, you can relax knowing you still have coverage for trips to the emergency room (ER) even if you aren't admitted and no surgical services are preformed.

NetworkBlue<sup>2</sup> is the Preferred Provider Network designated as "In-Network" for BlueOptions.
